**Description:** Main Seal Replacement Instructions for  
Service Version *SnapMate*<sup>®</sup>

Please thoroughly read the following steps on properly replacing the main seal on the *SnapMate* Service Tool.

Cross-Section  
View

### Replacement steps:

1. Hold connector with collets facing upward.
2. Slide sleeve down as shown.
3. With small screw driver or pick remove the main seal from piston and discard. Exercise caution so as not to scratch or damage the main seal groove.
4. Place the new seal down through the collets into the piston, with a small screw driver or blunt pick push the seal into piston groove. Exercise caution so as not to damage the seal or groove.

### **FasTest, Inc. Product Warranty**

FasTest, Inc. warrants its products against defects of workmanship and/or material for 12 months from the date of the sale by FasTest, Inc. This warranty is void if the product is misused, tampered with or used in a manner that is not in accordance with FasTest, Inc. recommendations and/or instructions. FasTest, Inc. is not liable for consequential or other damages including, but not limited to, loss, damage, personal injury, or any other expense directly or indirectly arising from the use of or inability to use its products either separately or in combination with other products. ALL OTHER WARRANTIES EXPRESSED OR IMPLIED, WHETHER ORAL OR WRITTEN, INCLUDING BUT NOT LIMITED TO WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED.

Remedy under this warranty is limited to replacement of the product or an account credit in the amount of the original selling price, at the option on FasTest, Inc. All allegedly defective products must be returned prepaid transportation to FasTest, Inc. along with information describing the products performance, unless disposition in the field is authorized in writing by FasTest, Inc.
